

Code Enforcement

Mission Statement

To protect the health, safety and general welfare of the citizens of the community through professional administration and enforcement of the zoning, building and other related construction and use ordinances. Enhance the quality of life and economy of Mount Carmel by enforcing regulations that preserve and protect neighborhoods. The division will promote voluntary compliance by establishing partnerships with citizens, community groups and other agencies.

The purpose behind building codes has always been the health and safety of our communities.

The City of Mount Carmel has adopted codes to ensure the health and safety of our residents. These codes collectively establish our Code of Ordinances.

Code Enforcement Department is a division of the City Clerk's Office. It investigates violations dealing with the City of Mount Carmel's codes governing; Signage, nuisances such as junk vehicles and over grown lots, housing standards, residential and commercial zoning.

Can the City put a lien on my property?

Code Enforcement occasionally creates and files liens on vacant properties when they have been found to be in violation of the Anti-Weed and Litter Ordinance or other nuisance violations.

In all cases, property owners are notified that their property is in violation and are given time to resolve the violation(s).

If the violation is not corrected in the time given, a work order is created to have the work completed and a lien is filed against the property for the cost of the work performed. All liens are filed with the County Clerk's Office.

Can the Code Enforcement Division do anything about cars, RVs or boats parked in the street for an extended length of time?

The parking of any type of vehicle on the street is governed by the police department using code violations of the City's traffic code.

Can we raise livestock or poultry inside the City limits?

The short answer is no livestock or poultry may not be held inside the city limits of Mount Carmel.

The exception to this rule is you must have a fenced tract of land containing not less than **10 acres** and having an average width of not less than 300 feet, but in no event shall such livestock or poultry be housed or confined within 200 feet of a tract of land that is one acre or less, containing a single-family residence. Then if you meet the criteria listed you may only raise quantities reasonably sufficient for the immediate consumption by the occupants of the premises.

Construction dumpsters and/or temporary storage units (i.e. "pods," "mobile minis," etc.) are allowed by Code Enforcement to be placed on private property in conjunction with a city-permitted construction project for the duration of the work.

For projects that do not require a city permit, Code Enforcement typically allows a property owner to place them on their lot for up to 60 days. A permit is required for the "pods" and must be obtained by the owner.

I see people shooting their grass into the street from their mowers. Is it OK to do this?

No, it is not, for two reasons.

- First, it is against City ordinances. Chapter 16- Offenses and Miscellaneous Provisions/Article II. – Nuisances/Sec. 16-24 (16) states the following: The raking, placing or blowing of grass clippings into the streets and gutters of any public street or public sidewalk.
- Second, Second, as the ordinance points out, and gutters.
 - storm waters can wash the grass clippings into the storm drains clogging intakes which then prevent storm water from properly draining off the streets. Flooded corners can be traffic hazards.
