

Municipal Transparency

Municipalities are required to abide by certain transparency of information standards. Information posted online is also subject to state and federal standards. The City of Mount Carmel is proactively providing specific sets of information regarding use of public funds in order to meet and exceed requirements.

This page provides a one-stop-shop for information and provides links to each set of required information.

If you have any questions about any content referenced on this page, please contact the Department identified along with the content. Additional information about each item is found on the webpages accessed via the posted links.
