

# Yard Waste

See Attached file for Specific Route Days. Blue Route is on Mondays, Green Route is on Wednesdays, and Orange Route is on Fridays.

This service is funded by the charge paid for garbage collection for customers that are within the corporate city limits only.

## Preparation

Branches may be any length, though the ends must have no attached root systems. Items such as construction wood, branches with nails or spikes, wooden fence pieces/doors, cannot be mulched and must be disposed of by the resident through other means.

Contractor generated brush will not be collected.

## Yard Waste Disposal

Smaller brush and yard waste can be placed into biodegradable yard waste paper bags.
